It's difficult to believe that summer is almost over and we're heading into autumn! We hope everyone is safe and sound and that you are enjoying time with your animal friends and family!!

## Hunter's Corner

Look at the smile on this boy's face. Ever since treatment for heartworm, Hunter has begun to smile. It's hard to imagine the discomfort he must have been experiencing even if he didn't show any pronounced signs of the worms!

The next obstacle in Hunter's journey has finished. He was tested for immature worms, called microfilaria, and was negative!! This is especially important as the small worms grow into the big worms that do damage, so he's one stop closer to full health.

One more examination in September and if all goes well then, he can resume normal activities. One final test in March to confirm that the heartworm antigens are completely gone! In the interim, we're happy to see him grinning for the camera!

## Available for Adoption into a Perfect Family

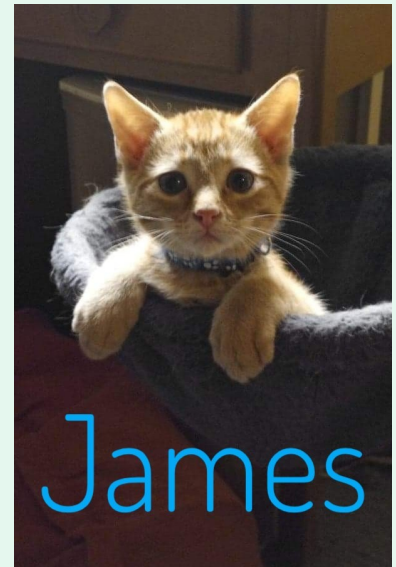

The following kittens are available for adoption! The kittens are 9 weeks old. They're all a bit shy but absolutely playful. Once they're comfortable with you they're each loving and cuddly.

Rowan is a smaller female kitty with the tiniest of purrs.

These three boys are ready for playing as long as it means there are cuddles at the end of the playtime! They are good with dogs — right now they're curious to see what sort of a non-cat they are!

All four kittens love belly rubs! Rowan, John and James will be at Pet Valu on September 3rd — Marco will be available soon for adoption!

## Adoptable Dogs

Say hello to Meeko, a male Pug/Beagle cross who is 18 months old and 40 pounds. This Puggle is a puppy who needs lots of guidance to be his best self. He is learning to walk well on leash, and needs a moderate amount of exercise together with many stops to sniff at all the new and familiar scents. But just like with other dogs, if there's a chipmunk, watch out!!

Meeko is largely housetrained. He likes to be near his people and cries if he is in his crate. He loves to be cuddles. Meeko does not show aggression with new people, but does react with loud barking. He is attached to his fosters, and would be happiest in a patient, loving home, particularly one that loves and adores Puggles!! He would do well with a mellow, older canine companion.

Meeko's adoption fee is \$500; he has been neutered, his vaccinations are up to date and he is microchipped.

**Please note that this is not a Home Again dog — if you're interested in Princess please contact [lovingdogs61@gmail.com](mailto:lovingdogs61@gmail.com)**

Princess is a 1 year old, 60 pound mixed breed girl. She is a spirited girl who loves playing with everyone!! She would love a home with a playful dog like herself, and if there are children, let them be a bit older please!! She doesn't want to knock them over!

Princess is full of love and wiggles. She is fully house trained and crate trained. She needs a little bit of work on her excellent leash skills but is improving. Princess loves meeting new people but can get a little jumpy. After she shows you her interest, she rolls over and says hello.

Princess is being fostered in Bancroft. She has been spayed, vaccinated, microchipped and treated for fleas. Her adoption fee is \$500. **Please remember that she is not a Home Again dog; contact [lovingdogs61@gmail.com](mailto:lovingdogs61@gmail.com) for more information on this lovable pup!**

**Please note that this is not a Home Again dog — if you're interested in Boomer please contact [lovingdogs61@gmail.com](mailto:lovingdogs61@gmail.com)**

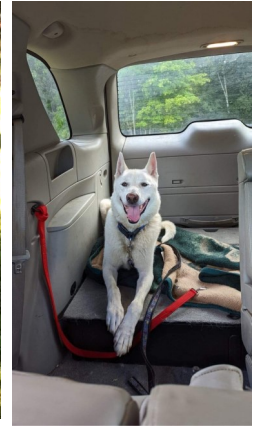

Meet Boomer!!! This 90 pound Labrador cross will be 1 on September 14th!! He is a super sweet dog who is great with all people including children, and loves to go to the dog park to run with his friends. He is also great in the house; although he is crate trained it's not necessary because he'll just lay in the house by his friends. Boomer loves car rides and is improving with his leash skills. He needs a good sized property, and lots of cuddles, belly rubs and love.

Boomer is being fostered in Bancroft. He has been neutered, vaccinated, and microchipped. His adoption fee is \$650. **Please remember that he is not a Home Again dog; contact [lovingdogs61@gmail.com](mailto:lovingdogs61@gmail.com) for more information on this lovable lab!**

## Coming soon—sneak peek!!!

Keep watching the Home Again webpage ([www.homeagainbancroft.ca](http://www.homeagainbancroft.ca)) to see when these gorgeous pups will be available for adoption!

## Happy Tails—Ace

We love to hear stories about pets adopted from Home Again!

This is Ace! The first picture is only a couple of days after he was adopted; the second from last summer.

Look at the difference in this lovely, smiley boy!! His family says “He’s the best dog! Hard to believe he was returned three times! He definitely was meant to be with us, happy in his new home since October 2018.”

Yay Ace!! We’re so happy you found the perfect forever home!

## Happy Tails—Frank and Zorro

Look at these happy boys!!

The Evans family made an appointment to adopt the cream seal point mix with blue eyes Smoltey, AKA Frank Sinatra. They also adopted the black Zorro. These two kittens were born into different litters, fostered in different homes and had never met until they reached their forever home.

They bonded immediately. Frank thinks he owns the house like all Siamese cats do! The boys have even made friends with the Evans' dogs!

Yay Frank and Zorro! Brothers from another mother who have found their perfect home together!
